Letter from the Editors

Hi crochet afghan enthusiasts,

Baby blankets are truly the perfect gifts. Baby showers, birthdays and other momentous occasions serve as the perfect excuse to take out that hook and yarn. Get to work now and have numerous crocheted keepsakes for important occasions.

Babies love cuddling up to their favorite warm and comforting baby blankets. But what makes these pieces so special is that they often grow and adapt along with the child. As the little person grows into an adult, they'll save their crocheted blanket and keep it to remind them of their youth.

It doesn't matter if you're creating a blanket for a little boy or a little girl – many of these patterns can be modified to fit any child's personality.

Give the gift of crochet this year – a crochet baby blanket is the perfect way to say you care. Let this eBook be your guide to the exciting, comfy and adorable world of baby crochet.

Happy Crocheting!
